Hi Cynthia,  
Based on the COCs, EB02 and HW45 were shipped to Test America on 2/6/12 for Glycol analysis. On 2/7/12, EB02 and HW45 were shipped to Test America for Ethylene Glycol. They would be the same sample but different analysis. Please let me know if your records differ.  
Thanks,

Suddha Graves

Not sure I understand why two sample sets would be shipped; maybe Suddha can explain?

Subject: Duplicate Samples to Test America Rich,

Based on lab reports it looks like a set of samples were shipped to Test America lab twice. Unless directed otherwise both sets will undergo validation.
